Personal Development, Health & Physical Education

As part of the PDHPE curriculum students will participate in Child Protection and Drug Education lessons. These lessons will help children to identify dangerous or uncomfortable situations and to seek help from trustworthy adults. Some lessons may involve the naming of parts of the body.

The Department of Education & Communities has developed the Child Protection lessons which are an important priority for schools. We trust that you will support your child’s participation in the program. Please contact the school if you have any questions.
